

VP FINANCE

Duncan, BC

Chemistry Consulting is proud to partner with the Promac Group to search for a **VP Finance**. This position is responsible for overseeing all accounting and finance operations as well as participating in the overall business plan strategy. Reporting directly to the President/Owner, the VP Finance will play an instrumental role in the continued growth and development of this progressive and growing company.

For over 45 years Promac has, and continues to keep the machines of industry running safely and efficiently. Their forward thinking Engineering, Sawmill and Equipment departments employ the best people and technology. Promac is on track to receive the Occupational Safety Standard of Excellence certificate this fiscal year and are adopting a Lean Manufacturing approach to waste minimization; hence they are well respected as leaders in industry.

As a business strategist, you bring forward-looking focus that is underpinned by a willingness to dig in and understand the day-to-day drivers of the business and support a culture of continuous improvement. As a finance specialist you understand the importance of strong control and risk management processes and that good decision making is built on timely, accurate information. As an effective leader, you bring excellent people skills, business acumen and an exemplary work ethic to the role and are able to establish a position as a trusted advisor to the President and owner and the senior management team. You are a natural leader who is passionate about sharing your financial insight to support your colleagues within a highly collegial environment and you recognize the importance of building a strong team around you that is seen as consistently delivering real value to the business.

Your accounting designation, 7 plus years' progressive experience in leadership roles, critical thinking abilities, commitment to strong governance, high integrity and openness together with your ability to operate at the strategic and operational levels will drive your success with this exceptional company. This position is best suited to an energetic, highly motivated enquiring mind with a passion for excellence and innovation.
