

“Equipment you count on. People you Trust”

Position: WELDER

Summary:

Promac Equipment is looking for a team member that become a key element of our production facility. We are located in Duncan BC in the beautiful Cowichan Valley. At Promac Equipment, we build forestry-grade land clearing equipment for independent contractors. We keep them running, no matter what nature throws at them, in some of the toughest conditions in the world. Bells and whistles may sell the first time, but equipment built for the toughest conditions is what keeps our customers in business - and keeps them coming back for more.

Essential Duties and Responsibilities:

- Set up and operate welding equipment and specific production equipment; not limited to Dynamic Balancer, Plate cutting and CNC Press Brake
- Maintains a positive work atmosphere by acting and communicating in a manner so that you get along with customers, clients, co-workers and management.
- Ensures that safe work practices are followed and adhered to.

Qualifications and Experience:

- A minimum of five years previous experience welding and fabrication in similar industries
- Level C or equivalent welding certification
- Previous forklift operation experience
- Physical ability to lift up to 50 pounds safely

To apply:
