

PROMAC

Job Title: CNC Machinist | 2 positions

Reports to: Machine Shop Foreman

Date: 1st November 2017

Summary:

- Sets up, writes and proves programs and operates CNC vertical and horizontal milling centres, lathes and mill / turns.
- Creates programs using GibbsCAM computer software.
- An Interprovincial Machinist qualification is preferred.
- Manual machining experience would be an asset.
- General computer skills would be an asset (i.e.: MS excel/word).

Training:

- Machine specific and GibbsCAM training will be provided if needed.

Essential Duties and Responsibilities:

Includes the following (other duties may be assigned):

- Studies drawings, sketches, manuals, specifications, or sample part to determine dimensions and tolerances of finished workpiece, sequence of operations, and setup requirements.
- Selects and sets up holding fixtures and jigs, cutting tools, attachments, accessories, and materials on machine tools as necessary to machine parts as required.
- Verifies conformance of finished work-piece to specifications, using precision measuring and inspection tools as necessary.
- Performs routine maintenance tasks on machines as required and maintains a clean and organized work area according to maintenance plans and established procedures.
- Confers with engineers, production personnel, or others to resolve machining or assembly problems.
- Works well independently or in a team environment.
- Maintains a positive work atmosphere by acting and communicating in a manner so that you get along with customers, clients, co-workers and management.
- Continues to learn and grow within our dynamic workplace.
- Ensures that safe work practices are followed and adhered to.

PROMAC

Compensation:

- Upon successful completion of a probationary period, Promac will provide an excellent compensation package including industry-leading wages, MSP coverage, extended health and dental, RRSPs and safety equipment cost allowances.

To apply:

- Please forward a cover letter and resume to apurdon@promacgroup.ca, Machine Shop Foreman.
- **Deadline** to apply is 17th November 2017
